

Must haves

- * Seller:
 - * Post book information
 - * Get request notification
 - * Contact the buyer
- * Buyer:
 - * Search book
 - * Contact the seller

Nice to haves

* Seller:

- * Scan barcode to post textbook information
- * Take pictures of the inside of the book
- * Rate the amount of notes taken and general condition
- * Get information about most competitive price offering on second-hand book market (based on book with similar level of notes-taken and general conditions)
- * Use third-party payment holding system to reduce unsuccessful trading

* Buyer:

- * Search books via course number
- * Browse search result arranged by preferences of price, notes taken, and general conditions
- * See redirection to Amazon offering and Barnes & Noble offering with price and estimated delivery in search results
- * Use third-party payment holding to reduce unsuccessful trading

If there's time

* Seller:

- * Receive suggestions to sell textbooks at end of quarter
- * Sell textbooks via course number
- * Get request notification with proposed time & place for pickup
- * Contact the buyer via in-app message if proposed time & place doesn't work

* Buyer:

- * Receive suggestions to buy textbooks at beginning of quarter
- * Propose 3 to 5 potential time & place for pickup
- * Contact the seller via in-app message if proposed time & place doesn't work
